Gas Fee

Gas fee is required for USDT ERC20 transactions. [Top Up](#)

Available: 0.000000 ETH

The cutout represents the gas fee section on the Clonleaf Wallet. Users can view their available gas fee balance and top up by clicking on the Top Up link. **(Gas fees can also be added by clicking on the Add Funds button.)**

The section represents the overview of the available assets — BTC, ETH, and USDT. Each displays the balance available in that asset, while the Total shows the combined value in USD.

TOPUP CLONLEAF WALLET

TO TOP UP YOUR CLONLEAF WALLET, INCLUDING BOTH ASSETS AND GAS FEES, CLICK ON THE ADD FUNDS BUTTON.

Clonleaf Wallet Guide Summary

The Clonleaf Wallet allows users to manage their assets, fund their accounts, and monitor transactions seamlessly. Users can view balances for BTC, ETH, and USDT, track total holdings in USD, and manage gas fees. Funding the wallet, whether for assets or gas fees, follows a simple, secure process. All crypto transactions require inputting the transaction ID for confirmation, and ETH is the default method for gas fee top-ups. The wallet also provides a complete transaction history and easy access to add funds, ensuring a smooth and transparent experience for all users.
